

Local S6 Leadership Connection

Proudly Serving Our Members

January 10, 2023

Negotiating Committee Election Results

The results of the Negotiating Committee Election have arrived. Congratulations to the five winners who will be negotiating on our behalf in August 2023.

2023 Negotiating Committee:

- *Tim Halle*
- *Tim Sutter*
- *Stephen Stewart*
- *Ryan Ryder*
- *Marc Lindvall*

Be Prepared!

Whereas contract negotiations are six (6) months away, it is important that every member understands that negotiations do not always end in a mutual agreement. As such, preparing for that potential outcome is a reality we must all be prepared for. Putting some money aside and lining up temporary work are great strategies to ensure that we are free to utilize our right to strike if necessary.

Strike Checks

Any member who did not participate in the 2020 strike or does not have an SSN on file should reach out to the Union Hall to ensure we have all your personal information up to date in our records. Without an accurate social security number (SSN) on file we will be unable to issue you strike checks during a work stoppage. If you are not sure please reach out to the Union Hall at 207-442-2063, and speak with the Secretary-Treasurer to confirm or update your records.

Contract Surveys

Be on the lookout in the coming months for contract surveys. These surveys are your opportunity to inform the Negotiating Committee of what you want in the next contract. We would like as much participation as possible to ensure we establish a contract that best fits all of us.
