HOT WORK PRECAUTIONS

The Company recently received serious warnings from the Navy about following appropriate procedures around hot work. A significant shift in focus has occurred within the Company around this issue. When assigned to a job that has hot work, make sure that all necessary procedures have been followed before you begin your work.

We also brought back our Rosie the Riveter sweatshirt design in sizes Small – XXL for \$41.94 each including taxes. Lastly, we now have Local S6 Decks of Cards for sale for \$5.00 each including taxes. They are all available for purchase in the Union Hall. When we receive the remainder of our recent large order, we will set up days to have the label available for purchase at the gates during lunch.

LOCAL S6 LABOR HISTORY

Did you know that a Liberty Class ship constructed during World War II was named after one of the founding members of our Local Lodge? John W. Brown is the namesake of our Union Hall and one of only two Liberty ships that are still operational today. The SS John W. Brown completed thirteen voyages between 1942 and 1946. After its military career, it served as a floating nautical vocational high school, training thousands of students destined for maritime careers. Today, it is a museum ship berthed at Baltimore Harbor in Maryland.
