Address: 200 Congress Ave, Bath, ME 04530
Date: May 13th , 2024
Time: 3:30 PM

Message from the Benefits Committee

Every member should have a Primary Care Physician. If you don't, call 1-888-551-4072 to find one in your area. Visiting emergency rooms and urgent care is costlier than seeing a Primary Care Physician. Plus, it's easier to get medical documentation from your primary doctor for work-related absences. Urgent care and ER doctors might not provide such notes.

Only Members in General Membership Meeting

Please remember, only members can attend our General Membership Meetings. Children, spouses/partners, and other relatives should refrain from attending. Let's respect the privacy of our Union Business by only bringing members to these meetings.

Community Service Committee 50/50 Raffle

Our Community Service Committee is running a 50/50 Raffle again. Half the proceeds aid members in need, while the other half goes to the lucky ticket holder. Tickets are sold every other Thursday during shift transitions. Next sale: May 9th!

Women’s Committee Food Drive

Help our community by donating to the Women’s Committee Food Drive. Collection bins are located at the gates, MSC, and Union Hall. Let's make a difference—many Mainers, including 36,490 children, are facing hunger. Most needed items: canned chicken, tuna, baked beans, soup, jam/jelly, and pasta.

Motorcycle Parking

Parking motorcycles on the sidewalk next to West Gate is now prohibited by the City of Bath. Please use parking near the North and South Gates instead.

Labor History

April 25, 1886 – The New York Times declares the struggle for an eight-hour workday to be “un-American”, and calls public demonstrations for the shorter hours “Labor disturbances brought about by foreigners.” Other publications declare that an eight-hour workday would bring about “loafing and gambling, rioting, debauchery and drunkenness.”

April 29, 1899 – An estimated 1,000 silver miners, angry over low wages, the firing of union members, and the planting of spies in their ranks by mine owners, seize a train, load it with 3,000 pounds of dynamite, and blow up the ore concentrator and 70 company offices at the Bunker Hill mine in Wardner, Idaho.
