Contract Voting Information

Polls Open: 12:01AM Friday August 21, 2026

Polls Close: 12:00 Noon Sunday August 23, 2026

For the members who have not voted on a contract before, it is important to know how the process works. When the polls open, you will have 2 questions to vote on:

1. Do you vote to ratify this contract?

- **YES**, I vote for the contract or **NO**, I vote against the contract.

2. If the contract vote fails, do you vote to authorize a strike?

- **YES** or **NO**

If the contract is **REJECTED** by a majority of 50% +1 and a strike is **NOT** authorized by a 2/3 majority, the **tentative contract passes and is ratified**. Whether you agree with the contract or not, a **YES** vote on the strike is needed to avoid being forced to accept a contract the membership rejected.
